**PROXY STATEMENT**

---

This Proxy Statement is furnished to the shareholders of Communications Systems, Inc. ("CSI" or the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held at the offices of Transition Networks, Inc., 6475 City West Parkway, Eden Prairie, Minnesota, on Wednesday, May 21, 2003, beginning at 3:00 p.m., Central Daylight Time, or at any adjournment or adjournments thereof. The cost of this solicitation will be paid by the Company. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies by telephone, telegraph or in person. The Company may also request banks and brokers to solicit their customers who have a beneficial interest in the Company's Common Stock registered in the names of nominees and will reimburse such banks and brokers for their reasonable out-of-pocket expenses.

Any proxy may be revoked at any time before it is voted by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the Annual Meeting. If not so revoked, the shares represented by such proxy will be voted by the persons designated as proxies in favor of the matters indicated. In the event any other matters which properly come before the meeting require a vote of shareholders, the persons named as proxies will vote in accordance with their judgment on such matters. The Company's corporate offices are located at 213 South Main Street, Hector, Minnesota 55342, and its telephone number is (320) 848-6231. The mailing of this Proxy Statement to shareholders of the Company commenced on or about April 9, 2003.

The total number of shares outstanding and entitled to vote at the meeting as of March 28, 2003 consisted of 8,161,666 shares of \$.05 par value Common Stock. Only shareholders of record at the close of business on March 28, 2003 will be entitled to vote at the meeting. Each share of Common Stock is entitled to one vote. Cumulative voting in the election of directors is not permitted. The presence in person or by proxy of the holders of a majority of the shares entitled to vote at the Annual Meeting of Shareholders constitutes a quorum for the transaction of business.

Under Minnesota law, each item of business properly presented at a meeting of shareholders generally must be approved by the affirmative vote of the holders of a majority of the voting power of the shares present, in person or by proxy, and entitled to vote on that item of business. However, if the shares present and entitled to vote on any particular item of business would not constitute a quorum for the transaction of business at the meeting, then that item must be approved by holders of a majority of the minimum number of shares that would constitute such a quorum. Votes cast by proxy or in person at the Annual Meeting of Shareholders will be tabulated at the meeting to determine

2

---

whether or not a quorum is present. Abstentions on a particular item of business will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining approval of the matter. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

## COMPENSATION COMMITTEE REPORT

The Compensation Committee appointed by the Company's Board of Directors has primary responsibility in regard to determinations relating to executive compensation and administration of the Company's stock option plans. All decisions by the Compensation Committee pertaining to the compensation of the Company's executive officers are reviewed and approved by the full Board.

### Compensation Policies

It is the objective of the Compensation Committee to pay compensation at levels that will attract, retain and motivate executives with superior leadership and management abilities and to structure the forms of compensation paid in order that their interests will be closely aligned with achievement of superior financial performance by the Company. With these objectives in mind, the compensation currently paid to the Company's executive officers principally consists of three elements: base salary, bonus and periodic stock option awards.

### Compensation Elements

Base salaries of the Company's executive officers are generally established by reference to base salaries paid to executives in similar positions with similar responsibilities based upon publicly available compensation surveys and limited informal surveys by Compensation Committee members. Base salaries are reviewed annually and adjustments are usually made during the first quarter of a fiscal year based primarily on individual and company performance during the immediately preceding fiscal year. Consideration is given by the Compensation Committee to both measurable financial factors, as well as subjective judgments regarding factors such as development and execution of strategic plans, changes in areas of responsibility and the development and management of employees. The Compensation Committee does not, however, assign specific weights to these various quantitative and qualitative factors in reaching its decisions. Adjustments in base compensation in 2002 of two of the three executive officers other than the Company's Chief Executive Officer were nominal and the third, Mr. Berg, received an 11.2% increase in recognition of his appointment as the Company's Chief Operating Officer on March 11, 2002. The adjustments of executive officer base compensation that occurred in the first quarter of fiscal 2002 reflected consideration of fiscal 2001 results compared to fiscal 2000 results in which the Company's revenues and net income declined approximately 21% and 89%, respectively.

Bonuses are intended to provide executives with an opportunity to receive additional cash compensation, but only if they earn it through Company and individual performance. Prior to 2002 bonuses were determined following fiscal year end based on the Company's performance, as well as the Compensation Committee's assessment of individual performance in the executive's area of responsibility based on objective and subjective factors. In 2002 the Compensation Committee implemented a bonus compensation systems based almost exclusively on financial targets established at the beginning of the fiscal year. The total amount of bonuses paid to the Company's five executive officers for 2002 was \$430,894 compared to total bonuses paid in fiscal 2001 of \$71,740 to four executive officers. By way of comparison, the Company posted a 13% increase in revenues and a greater than 300% increase in earnings per share in 2002 compared to 2001.

9

The Committee regards cash compensation paid to the Company's executive officers as reasonable in relation to published information regarding compensation of executives with similar responsibilities and the Company's financial performance.

Stock options are awarded to the Company's executives under the Company's 1992 Stock Plan. Stock options represent an additional vehicle for aligning management's and stockholders' interests, specifically motivating executives to remain focused on factors that will enhance the market value of the Company's common stock. If there is no price appreciation in the common stock, the option holders receive no benefit from the stock options, because options are granted with an option exercise price at least equal to the fair market value of the common stock on the date of grant. During the first quarter of fiscal 2002, the Committee granted stock options to purchase 55,800 shares of common stock to executive officers, which represented approximately 24.5% of the total options granted to all officers and key employees.

### Chief Executive Officer Compensation

Mr. Curtis A. Sampson participates in the same executive compensation plans provided to other senior executives and is evaluated by the same factors applicable to the other executives as described above. Mr. Sampson's base compensation was reduced 8% at the beginning of 2002, reflecting the decline in revenues and net income from 2001 compared to 2000 discussed above. As a result of the Company's substantially improved results in 2002 compared to 2001 Mr. Sampson received a bonus of \$38,400 under the same bonus program applicable to other executive officers. As a result, Mr. Sampson's total cash compensation with respect to 2002 was \$220,400, an increase of 12% over total cash compensation in 2001. Mr. Sampson devotes approximately 50% of his working time to the Company and 50% to Hector Communications Corporation, where he also serves as Chief Executive Officer. In 2002 Mr. Sampson was awarded options to acquire 18,000 shares of common stock. Because of his significant holdings of Company common stock, under applicable IRS rules, Mr. Sampson's options are priced at 110% of the market price on the date of grant. The Compensation Committee believes, based upon their general knowledge of compensation paid to other chief executives and a review of published regional salary data (but without conducting a formal survey), that Mr. Sampson's total compensation as an executive officer of CSI is reasonable in relation to the scope of his responsibilities and financial performance of the Company during the past several years.

## AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for independent, objective oversight of the Company's financial accounting and reporting, by overseeing the system of internal controls established by management and monitoring the participation of management and the independent auditors in the financial reporting process. The Audit Committee is comprised of independent directors, and acts under a written charter first adopted and approved by the Board of Directors on May 18, 2000. Each of the members of the current Audit Committee is independent as defined by the American Stock Exchange listing standards.

The Audit Committee held five meetings during fiscal year 2002. The meetings were designed to facilitate and encourage private communication between the Audit Committee and the Company's independent accountants, Deloitte & Touche, LLC.

During the meetings, the Audit Committee reviewed and discussed the audited financial statements with management and Deloitte & Touche. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The discussions with Deloitte & Touche also included the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Deloitte & Touche provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). This information was discussed with Deloitte & Touche.

The Audit Committee considered whether the provision of information technology services and other non-audit services to the Company by Deloitte & Touche is compatible with maintaining the principal accountant's independence.

Based on the discussions with management and Deloitte & Touche, the Audit Committee's review of the representations of management and the report of Deloitte & Touche, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, filed with the Securities and Exchange Commission.

## CERTAIN TRANSACTIONS

### Transactions and Shared Management with Hector Communications Corporation

The Company makes available to Hector Communications Corporation ("HCC"), which prior to 1990 was a subsidiary of the Company certain staff services and administrative systems, such as payroll and pension plan administration, with the related costs and expenses being paid by HCC. In 2002 and 2001, HCC paid the Company \$186,000 and \$286,000, respectively, for such services, amounts which management believes are no less than the cost the Company incurred in connection with providing such services.

In fiscal 2002, two of the Company's executive officers, Curtis A. Sampson and Paul N. Hanson, each devoted 50% of their time to the Company. Messrs. Sampson and Hanson devoted substantially all of the remainder of their working time to HCC, for which Mr. Sampson serves as Chairman and Chief Executive Officer and Mr. Hanson serves as a director and Treasurer. These officers are separately compensated by HCC for their services to HCC.

### Loans to Executive Officers

In 1998, the Company's Board of Directors approved a loan to Jeffrey K. Berg, President and Chief Operating Officer, of \$84,375 to fund his exercise of Company stock options. The loan was made at the interest rate of 6.5% per annum and was secured by the pledge of the stock acquired pursuant to the option exercise. To enable exercise of another stock option, the loan to Mr. Berg was renewed and increased to \$85,000. In March 2002, the Compensation Committee of CSI's Board adjusted the interest rate on the loan to the Company's cost of funds (generally below 5% per annum). This loan was repaid in December 2002. In addition, in October 1998 the Company loaned Mr. Berg \$190,000 at an adjustable interest rate initially set at 6.5% per annum under a promissory note secured by real estate. At December 31, 2002 the balance of this second loan was \$174,369 and on January 7, 2003 this second loan was repaid.

## REPORTS TO THE SECURITIES AND EXCHANGE COMMISSION

The Company's officers, directors and beneficial holders of 10% or more of the Company's securities are required to file reports of their beneficial ownership with the Securities and Exchange Commission on SEC Forms 3, 4 and 5. According to the Company's records, during the period from January 1, 2002 to December 31, 2002, a Form 5 was not timely filed in connection with an automatic option grant to Directors made as of the date of the 2002 Annual Meeting of Shareholders on behalf of Messrs. Anderson, Green, Freeman, Pint, R. Sampson and W. Sampson, and Ms. Goldberg. A Form 5 was also not timely filed in connection with the grant of options made to executive officers on behalf of Messrs. Berg, Easter, Lapping, McGraw and C. Sampson. All of the above Forms 5, which were due on February 14, 2003, were subsequently submitted to the SEC on April 3, 2003. In addition, a Form 4 was not timely filed on behalf of Mr. Pint in connection with his purchase of shares of the Company's common stock in June of 2002. Mr. Pint's transaction was subsequently reported on a Form 5 submitted to the SEC on April 3, 2003. According to the Company's records, all other reports required to be filed during this period pursuant to Section 16(a) were timely filed.

## THE COMPANY'S AUDITORS

Deloitte & Touche have been the auditors for the Company since 1982 and have been selected by the Board of Directors, upon recommendation of the Audit Committee, to serve as such for the current fiscal year. A representative of Deloitte & Touche is expected to be present at the Annual Meeting of Shareholders and will have an opportunity to make a statement and will be available to respond to appropriate questions.

### Audit Fees

The aggregate fees billed to the Company by Deloitte & Touche for professional services rendered for the audit of the Company's consolidated annual financial statements for fiscal year 2002 and the reviews of the financial statements included in the Company's Forms 10-Q for fiscal year 2002 were \$143,800.

### All Other Fees

Other than those fees listed above, the aggregate fees billed to the Company by Deloitte & Touche for fiscal year 2002, none of which were financial information systems design and implementation fees, were \$79,850. This figure includes fees of \$14,200 for audit-related services such as pension audits, statutory filings and accounting consultations, and fees of \$65,650 for all non-audit services such as tax-related services. The Audit Committee determined that the non-audit services performed by Deloitte & Touche are not incompatible with maintaining Deloitte & Touche's independence with respect to the Company.

## SHAREHOLDER PROPOSALS FOR 2004 ANNUAL MEETING

The proxy rules of the Securities and Exchange Commission permit shareholders of a company, after timely notice to the Company, to present proposals for shareholder action in the Company's proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for shareholder action and are not properly omitted by Company action in accordance with the Commission's proxy rules. The next annual meeting of the shareholders of Communications Systems, Inc. is expected to be held on or about May 21, 2004 and proxy materials in connection with that meeting are expected to be mailed on or about April 8, 2004. Any such proposals must be in writing and signed by the shareholder.

The Bylaws of the Company establish an advance notice procedure with regard to (i) certain business to be brought before an annual meeting of shareholders of the Company and (ii) the nomination by shareholders of candidates for election as directors.

*Properly Brought Business.* The Bylaws provide that at the annual meeting only such business may be conducted as is of a nature that is appropriate for consideration at an annual meeting and has been either specified in the notice of the meeting, otherwise properly brought before the meeting by or at the direction of the Board of Directors, or otherwise properly brought before the meeting by a

shareholder who has given timely written notice to the Secretary of the Company of such shareholder's intention to bring such business before the meeting. To be timely, the notice must be given by such shareholder to the Secretary of the Company not less than 45 days nor more than 75 days prior to a meeting date corresponding to the previous year's annual meeting. Notice relating to the conduct of such business at an annual meeting must contain certain information as described in Section 2.9 of the Company's Bylaws, which are available for inspection by shareholders at the Company's principal executive offices pursuant to Section 302A.461, subd. 4 of the Minnesota Statutes. Nothing in the Bylaws precludes discussion by any shareholder of any business properly brought before the annual meeting in accordance with the Company's Bylaws.

*Shareholder Nominations.* The Bylaws provide that a notice of proposed shareholder nominations for the election of directors must be timely given in writing to the Secretary of the Company prior to the meeting at which directors are to be elected. To be timely, the notice must be given by such shareholder to the Secretary of the Company not less than 45 days nor more than 75 days prior to a meeting date corresponding to the previous year's annual meeting.
